

Here is the list of teams who want to go to EUSA games. We expect more teams to register soon.

Teams that want to apply for the support of BRIDGE THE GAP should register here as soon as possible (April 1st at the latest).

The Championship is limited to 25 teams.

This is not an official registration! Official registration should be made by the university at the EUSA web page. Please contact your university, because you need them to make the registration.
