

Law 13: Incorrect Number of Cards (2 hands)

Knowledge of the placement or movement of a card is unauthorized information for the partner of a player whose hand was incorrect.

Any card not part of the deal is removed, but if such a card is found to have been played to a quitted trick, an adjusted score may be awarded.

According to Law 90, the Director may assess a penalty to a player who failed to count cards in his hand or placed them incorrectly in board.
